

REPORT TEMPLATE : Serious Adverse Reaction(s) and Event(s)

Tissues and Cells - Directive 2006/86/EC

Instructions to complete the form:

Your current version of Acrobat is: 11.013

- 1) Be informed that you need to have at least the Adobe Reader version 9 or higher to fill and submit this form.
- 2) Please fill out this form according to the **definitions and recommendations** provided in the "Common approach document". Some definitions are also provided as mouse-overs.
- 3) Please fill out all the fields with the appropriate information.
 - When data are **not available**, please insert **NA**
 - When data are available, please provide a number **≥ 0**To verify your data entry while filling your form, you can use the "verify form" button at the top of each page.
- 4) When you have finished filling the form, verify that your internet connection is active and then click on the submit notification button below. If the form is properly filled, the notification will be submitted to the server and a Submission number will appear in the corresponding field.
- 5) **IMPORTANT:** Once you have received the Submission number, save the form on your computer.
- 6) If the form is not properly filled, an alert box will appear indicating the number of incorrect fields. Please check your form again and try to re-submit. Should you still have any difficulties, please contact SANTE-SARE@ec.europa.eu, describe the issue and mention the version of this document: 2017 2.6.1
- 7) Where a Member State has **two different competent authorities** responsible for SARE reporting for tissues and cells, it is not possible to submit two separate electronic forms. In these circumstances, one competent authority should enter their data on the electronic form and **save it without submitting;** the second competent authority should then add their data and **submit** the form.
- 8) Privacy statement (see last page)

General comments on SAR NON REPRODUCTIVE TISSUES AND CELLS :

Difference between distributed ocular tissue and number of recipients is due to higher number of exported tissue than imported tissue.

Enforcement action – Communicators Network

Purpose and scope of personal data processing:

The reporting document is for the collection of national contributions to reports on enforcement actions. The information gathered includes two contact points:

- i) one which has been authorised by the reporting Member State to act as contact point for the press on the enforcement action concerned, and which can be published and*
- ii) a second which identifies a contact point for the Commission for any discussions with Member States on their reports; these contacts will not be published.*

The information collected and the purpose of a contact point in this context:

Your data are recorded and stored as long as follow-up actions are needed in the context of each enforcement action. Your data will be handled in conformity with Regulation (EC) N° 45/2001 on the protection of individuals with regard to the processing of personal data by Community institutions and bodies and on the free movement of such data.

Right of rectification & personal data controller:

Should you require further information concerning the processing of your personal data or wish to exercise your rights (e.g. access or rectify any inaccurate or incomplete data) please contact the following mailbox:
