### EDEXIM DNA Version

Welcome to the DNA version of EDEXIM.

This version of EDEXIM enables you to manage export notifications for the Annex I chemicals (both as pure substances and in preparations) you receive from your exporters and to manage issues related to explicit consent.

*N.B. the Help On-line has not yet been fully implemented for this version of EDEXIM and will gradually be integrated.*

There is a new feature on EDEXIM for handling reminders for explicit consent requests. Please read the before using it. [guidance note](#)
